Meister Braus To Bowl Benefit With Local Team Mar. 29

World Champion Keglers to Appear at Antioch for Red Cross

Carl Gibson of the Antioch Recreation and Edward C. Jacobs, Antioch township chairman for the current Red Cross drive, are the promoters of a benefit match game which will see the world championship Meister Brau team pitted against a team made up of Antioch's best bowlers. Arrangements are not complete as yet, but the match will take place at 8 p. m. on Saturday evening, March 29. Some sort of admission charge will be made.

The Meister Brau team is well-known having bowled here in games before. It features as members Paul Kruske, captain, who won the individual match game championship in 1945, carries a 222 season average and has bowled four 300 games, and has bowled an 817 series. Bud Wright, an outstanding member of the team, carries a season average of 225, was Chicago city all-events champion for four consecutive years and was city and state all-events champion in 1943. Bud has scored five 300 games. Other members of the team included Harry Lippe, Harry Ledene, Jr., Joe Sinke, and Eli Maricich. Lippe has a season average of 208, and has rolled three 300 games. Ledene has three 300 games to his credit and currently has an average of 206. Sinke boasts a 218 average, has three 300 games to his credit, and holds numerous titles including the world doubles record for three games with a score of 1563. With bowlers of this calibre on the runways local bowlers are sure to flock to the alleys for the exhibition, and it is believed that a considerable amount of money for the Red Cross Drive can be raised.

Funds Coming In; Need More Help
Jacobs reported today that slightly over \$100 has been turned in to date and said that more workers were needed to canvass certain parts of the territory. He said that volunteers were being sought to take the Channel Lake area as well as route 21 south of Antioch and east.

New workers include Mrs. Richard Seyfarth who will work in Shady Nook subdivision, Lake Marie. Henry Rentner, North Avenue west, and Mrs. Barbara Holbek, Parkway and North Avenue east.

The First National bank and the State Bank of Antioch are both co-operating in the drive and contributions may be made at either bank, Jacobs said.

Fire Department Gets Two Calls This Week

The fire department had two calls this week, but neither one called for much effort because the fires were discovered in time.

A call came at 6:30 p. m. Tuesday from Wes's Auto Body shop on Depot street where an overheated furnace pipe threatened to set fire to the wall. A delay might have been disastrous in view of the large amount of paint and other combustibles in the building.

The first grass fire of the season occurred at 10 a. m. Tuesday on Shannon Ave. The damage was not great but the fire serves as a warning that there is a definite lack of moisture in the ground and the dead grass reflecting the moisture shortage is providing a hazard. The Antioch department was called to extinguish this blaze.

Mr. and Mrs. John Cobb Recover from Pneumonia

Mr. and Mrs. John Cobb came home Thursday from Waukegan where they have been ill with pneumonia. Mrs. Cobb had been convalescing at the home of her niece, Mrs. Harry Davis and Mr. Cobb was treated at the Lake County hospital. Mrs. Cobb will celebrate her ninety-third birthday anniversary Saturday, March 29. Mr. Cobb has passed his 78th year.

Attend State Tourney
Principal T. R. Birkhead and Coach Maurice Krizan left last evening for Springfield, Ill., to witness the state high school basketball tournament.

Fox Lake Post Guests
Fox Lake American Legion post members will be guests this evening of the Antioch post.

First Robin May Have Been Confused Too Over the First Day of Spring and Daylight

Officially, spring will not arrive until tomorrow, but the robin that Robert Hess, of Channel Lake, saw Tuesday didn't know it.

Perhaps he was puzzled by the same fact that has many others of this locality guessing.

The vernal equinox is on March 21, but on Monday of this week the days and nights were equal according to sunrise and sunset data given out by the weather department. The explanation is that the time is based on the first light rays of the sun as it appears above the horizon and the last rays as the sun sets. That doesn't account for the width of the sun passing the horizon as does the calendar calculations, so there is a difference of several minutes between the time the edge of the sun peeps over the eastern curvature of the earth and the time the center of the sun is seen. This is likewise duplicated at night.

But it's the light that counts and Monday can be considered the first day of spring by anyone who wishes to, even the birds.

Veterans' Service Posts Will Assist in Filling Out Bonus Applications

Veterans in Antioch, Lake Villa and vicinity should have no trouble in getting assistance in filling out their applications for the state bonus.

Both the American Legion and Veterans of Foreign Wars have offered their assistance. The Legion will provide skilled counselors and typists at the Legion home from 9 a. m. to 9 p. m. Saturday and Sunday for all veterans who wish their services. No application will be filled out, however, unless the veteran brings his honorable discharge paper or a photostatic copy.

John L. Horan, post service officer, will have charge of the work.

The VFW will provide similar service to all army, navy and marine discharges at the office of Dr. L. J. Zimmerman in the First National bank building.

High School Athletes To Be Guests of Lions At Banquet on April 14

The 55 athletes of the Antioch Township High school who this year will have engaged in football, basketball and track or any other major sport, will be guests of the Lions club at a dinner to be served at the school gymnasium April 14.

Plans are not as yet completed, but an attempt is being made to have Paddy Driscoll, coach of the Chicago Bears bring motion pictures of his team's games and be the principal speaker.

The meal will be served under the direction of Mrs. Eva Burnett, director of the school cafeteria and the Lions club will bear the expense.

The event is an annual one and an occasion looked forward to by the students.

The school's teams have made a comparatively good showing this year and the recognition banquet is regarded as quite opportune.

Joe Kutzler's Orchestra To Play for Firemen's Free Dance on April 12

Joe Kutzler's orchestra has been hired to play for the Firemen's benefit dance on April 12.

The dance will be at the American Legion home and there will be no admission charge.

Kutzler has played for Legion dances this winter and his orchestra is quite popular with local people.

Games and other entertainment are expected to provide revenue for the expenses and the profits will be used to defray expense in connection with the Lake County Firemen's association convention to be held here in May.

4-H Membership Bids Given Antioch Girls

An invitation to girls in Antioch and vicinity to register with her for 4-H membership was extended today by Miss Lillian Musch.

Registration may be at the Antioch grade school by telephone or in person, but should be completed by March 25, Miss Musch said. She asked that in registering the girl be sure to specify the choice of lesson for the summer project.

County Fair and 4-H Roundup To Be Held In 1947

Lake County Fair Bd. Elects Officers at Meeting Last Night

The Lake County Fair, held at Antioch for many years before the war, will be resumed again this year, according to C. L. Kutil, vocational agricultural instructor at Antioch township high school and one of the original sponsors of the fair.

D. H. Minto, was re-elected to the presidency of the fair board at a meeting held at Grayslake last night. Other officers were Earl Kane, Jr., Diamond Lake, vice president; E. E. Elsbury, Gurnee, secretary; Bert Edwards, Antioch, secretary.

Wm. A. Chandler of Gurnee and Harry Tillotson of Antioch will serve as directors of the fair board as will E. Leitch, Zion, who was elected to replace Emmett King, Wadsworth.

Kutil said that the 4-H exhibit and Roundup will be a part of the fair program for this year as in the past.

No dates have been selected as yet, and it is not certain where the fair will be held. It is believed, however, that it will be held at Antioch or some other location in the agricultural areas of the county. It will be remembered that the one year that the fair was held in Waukegan it could only be described as a "flop" and for this reason it is believed that the fair board will select a location outside Waukegan.

St. Peter's Minstrel Proves Great Success; 900 See Shows

Nearly 900 persons saw the three performances of "Breezy Inn Minstrels" at St. Peter's hall Sunday and Monday.

The show was every bit the entertainment that was promised for the public from the first act provided by the young people to the minstrelsy of the last act in which the older people and especially Otto Klass shone.

As the result the church stands to profit nearly \$1,700 on the program and the admission fees. Those in charge of the show are greatly appreciative of the co-operation of all participating and to those who contributed in any way to the success of the program and the performance. The money will be placed in the school building fund.

Antioch to Support Two Strong Soft Ball Teams In League; Free Lance

Antioch will be represented in soft ball play by two teams this summer, one playing league ball in the Lakes Region league and the other free-lancing its season, Edward Frazier of the Antioch American Legion announced yesterday.

The teams will be directed by Dale Roekow and Bernie Schneider and Les Nelson will serve as manager. Frazier said the Legion would seek co-sponsors for the teams in an effort to provide better support.

The league will have eight teams this season, but in order to bolster the quality of the teams, the Round Lake, Round Lake Park, and Round Lake beach teams will be combined and two new members from other villages will be included.

The league has been directed from Grayslake, but an attempt will be made to make Antioch the center. Play will start just as soon as weather and grounds permit.

Dr. W. P. Tague Dies In Fort Lauderdale, Fla. Buried at Syracuse, N. Y.

Dr. William P. Tague, 53, owner of the Argyle dog farm east of the village on Rte. 173, died of a heart attack Sunday at Fort Lauderdale, Fla.

Dr. Tague went to Florida in January after an illness of two months.

The Argyle dog and stock farm was opened here by Dr. Tague 10 years ago. He was the owner of the Thomas McKillop Veterinary hospital in Chicago also.

Surviving are the wife, Dorothy, and a sister, Mrs. Robert Casey, 203 Candee ave., Syracuse, N. Y.

The funeral service was held at the Casey residence in Syracuse at 9:30 a. m. today.

Antioch Legionnaires End Successful Season In League Basketball

May Be Champs; Finalists In Zion Tourney, Win Two of Three

The American Legion basketball teams finished a highly successful season as far as victories were concerned when they defeated Grayslake teams at the Sequoit court Monday evening 37 to 22 and 29 to 28.

The regulars had, the Grayslake regulars 19 to 9 at the half and coasted to victory but the B teams were tied up 20-all at the half and it was a foul that decided the game.

The 21 victories in 26 starts this season for the Legionnaires included two out of three games at the Zion invitational tournament. After winning from the Zion-Benton Moose Monday, and on Thursday from Pop Brown's Brownies, they finally fell before the Waukegan Northside Athletic club Friday night, 35 to 30 in the final game. Too many games in one week was the undoing of the local squad, but they put up a strong fight and were a continual threat to the winners.

Just how the Legionnaires will place in the Legion league will depend on the outcome of the game between Grayslake and Fox Lake at the latter place next Tuesday evening. If Fox Lake should win, Antioch will be the league champions, but if Grayslake should win, the Sequoits will finish in second place.

The game here Monday night was well attended by Grayslake rooters but not by local fans much to the disappointment of the team. After placing Antioch on the map in basketball this year, the local boys feel that they should have as equally good support as the other villages in the league.

Following Monday night's game the squad was entertained with refreshments in the basement of the Legion hall.

Funeral of Olga Rieck Of Fox Lake to be Held In Antioch Tomorrow

Mrs. Olga Rieck, 64, of Lawrence Ct., Fox Lake, wife of George M. Rieck, died at 8:24 a. m. Tuesday at St. Therese hospital where she had been under care since Feb. 16.

The funeral service will be at 1 p. m. tomorrow (Friday) at the Strang funeral home with burial at Rose Hill cemetery, Chicago. The Rev. Stuart A. Joransen of the Ingleside Community church will have charge.

Mrs. Rieck was born in Milwaukee the daughter of Mr. and Mrs. Frank Lambrecht. The family resided in Chicago but made their summer home at Fox Lake since 1922. Two years ago they moved there permanently.

Surviving besides the husband are four sisters, Mrs. Emilie Voight, Mrs. Louise Voight and Mrs. Toni Krauss of Milwaukee, Wis. and Mrs. Emma Kepner of Evanston, Ill.

Channel Lake Community Conducts Parties to Get Money for Hot Luncheons

Continuing their money-raising campaign to provide hot luncheons for the school pupils, the men of the Channel Lake Community club will stage a party March 29 at the school building. There will be cards, dancing and refreshments.

Richard Seyforth has taken over the office of president of the club from James Van Cura. Wm. Terry is vice president; Marie Hucker is secretary; Mrs. Beckman, treasurer; and Mrs. Imogene Chase, publicity chairman.

The club held one of its most successful parties at the school the other evening in spite of snow and slush. Proceeds will be used to keep the hot lunch program in operation. The club gratefully acknowledges donations received, the work done by the committee in charge, and the loyal support of the community in general.

The bunco prize went to Marie Shannon. Prizes in 300 were won by James Van Cura, Gladys Lokke, and Mrs. Woolner. Winners in pinocle were Roy Kufalk, George Grunow, Dorothy Paglusch, Ruth Baethke and Elaine Rockow.

Spring Practice Starts
Spring practice in track has been started at the Antioch Township High school. A golf team seems assured with the promise that ten students will take up the sport.

W. J. SWAYER IS RE-ELECTED PMA HEAD 5th TIME

Wilbur J. Swayer, Gurnee, Illinois, was re-elected president of Pure Milk Association at the first meeting today of the new board of directors of the milk marketing co-operative. He has served as its president since 1943, and has been on the board, representing Lake County (Illinois) members since 1935.

Mr. Swayer is a vice president of the American Dairy Association and of the Milk Foundation, Chicago. He is president of Dairy Products Promotion of Illinois, and a member of the board of directors of National Dairy Council and of the National Co-Operative Milk Producers' Federation.

School Board May Rent Rather Than Buy Buses First Year of Hauling

Referendum March 29 Does Not Mean Purchase of Busses a Certainty

That the Antioch Township High school board might not have to buy three new buses at the outset but might lease two of them from public utility companies the first year or two to lessen the burden of expense at the outset, Prin. T. R. Birkhead said this week referring to the referendum March 29 on the high school transportation problem.

Birkhead said that a plan might be worked out whereby buses could be leased in the winter time which is the slack season for bus companies in this area and that one or even two might be bought at the outset.

It is estimated that three buses carrying 30 pupils each would have to make two round trips daily in carrying the 170 students to and from school. That would mean about 10,000 miles of driving throughout the school year based on 70 miles of travel for each bus a day.

The cost of transportation for each pupil would be about \$40 a year, according to figures prepared last fall, showing that the total cost would be \$6,800 if the school's own buses were to be operated. The state will pay up to \$20 a pupil, cutting this total in half.

Last fall when the transportation problem was considered, the school board estimated the cost of three buses at \$10,000, the garage and equipment at \$7,000, gasoline and oil \$1,000 and comasation for drivers \$2,400. This would make a total of \$20,400, but it is now believed the cost would greatly exceed this amount.

School board members reminded the voters that the referendum seeking to increase the school tax from five mills to five and one-half mills is purely to bear the cost of transportation and nothing else. If the total amount is not needed, it will not be used.

Special Board Sessions Consider Sub-Division and New Parking Meters

Whether the village will have parking meters will come under consideration in a special meeting of the village board Friday evening when a representative of a manufacturing concern will present his sales talk.

The board met in special session last Friday evening in approving the 10-lot subdivision of Dr. G. W. Jensen on Rte. 173 west of Rte. 21. Not all of the members knew about the meeting they said.

Most of the lots are sold, Gruner Bros. having arranged to put up a building for a restaurant, and Robert Mann, local merchant having taken an option for three lots with the idea of putting up a building later on for the housing of a grocery, according to information given the village board.

Antioch Schools Close While Teachers Convene

Antioch High school and grade school like other schools in Lake county will be closed tomorrow while the teachers attend the county convention at Zion.

The meeting of teachers called by County School Superintendent W. C. Petty will be held at the Zion auditorium. An interesting program has been arranged.

The pupils in the meanwhile are not worrying as to how their time will be occupied.

Coming Elections Will Keep Voters Busy Remembering

Township, Village, School Elections Within Next Three Weeks

With spring comes the election season and as usual Antioch township people will have to adopt all sorts of reminders to keep them aware of the time, place and event.

Antioch township will have its town meeting and election Tuesday, April 1. The town meeting will be at the village hall in Antioch at 2 p. m. when the budget will be established for the following two years and a levy determined.

Voting for town officials will be from 6 a. m. to 5 p. m. at the following places:

Precinct 1—Shell gas warehouse; precinct 2—Antioch village hall; precinct 3—Lotus school west of Fox river.

In only the office of supervisor is there any contest. William Rosing, seeking re-election is opposed by Art Palenske. Other offices to be filled through unopposed candidates are: Highway commissioner, Robert Webb, incumbent; justice of the peace, Ed C. Jacobs to fill unexpired term of J. C. James; library trustees, Dr. R. D. Williams, president, and Mrs. Eleanor Micheli, incumbents.

Antioch will have a grade school election Saturday, April 12 when Ida M. Kufalk will again be the only candidate for president and Henry J. Rentner and Arthur Laursen will be unopposed for members to serve three years.

Voting will be at the school house from noon to 7 p. m.

In the high school district, a referendum on school buses is set for the afternoon of March 29, and an election on April 12 to select a member of the board will follow. Walter K. Hills, president of the board is unopposed for re-election.

There were no withdrawals of candidates for village trustees at the deadline, March 15, L. D. Powles, clerk said. The election on April 15 will see Arthur Rosenfeldt, George S. Wagner, and Elmer Rentner, incumbents, opposed by Edward A. Knickelbein, Windsor Dalgard, James Maplethorpe and Merrill Cunningham.

Arthur Verkest, 59 Dies Following Long Illness, Funeral Held Saturday

Arthur L. M. Verkest, aged 59 years, died Thursday, March 13, at St. Therese hospital, Waukegan, where he had been under care for three weeks. He had been ill a long time.

The funeral service was held Saturday at St. Peter's church with burial at Mt. Carmel. He was a member of that church.

Born in Belgium, June 10, 1887, Mr. Verkest had been a resident of Antioch 22 years, coming here from DePere, Wis. He had been employed as a packer and shipper at Pichard's for five years and before that was employed at the Pollock greenhouse. Mr. Verkest is survived by his wife, Catherine, three sons, Frank of Kansas City, Mo.; Clarence and Morris, of Antioch; and a daughter, Mrs. Otto Hanke, Jr. There are nine grandchildren.

Kingery to Address Parent-Teachers At Grayslake Tuesday

Robert Kingery, head of the Chicago Area planning board, will address the final meeting of the Lake County Parent-Teacher council, at a meeting to be held of the Grayslake Elementary school on Tuesday evening, March 25.

Kingery's subject will be "Planning vs. Unorganized Growth" and this subject is certain to be of great interest to the group in view of the many school building programs now in progress in the county. Kingery is an expert in population trends and this fact will tend to make his talk doubly interesting.

The Gages Lake and Grayslake Parent-Teacher organizations will act as hosts for the meeting.

Recovering From Operation
Eugene, 11-year-old son of Mr. and Mrs. Elmer Baethke, is making satisfactory recovery from an emergency operation for appendicitis performed Sunday evening at St. Therese hospital in Waukegan.

A New Exploiter

In his Mexico City speech, President Truman observed that one phase of American foreign policy consists of protecting small and relatively defenseless nations against the rapacity of great and powerful nations. It would be well if that great principle were first applied to the domestic affairs of the United States, in the matter of guaranteeing the "small" man the right to earn his daily bread, without first paying tribute to the rapaciousness of a labor dictatorship.

For a great many years the individual worker fought for his rights and liberties. Initially, he was exploited by some greedy employers. Then the power of law and government, under the impetus of an aroused public opinion, corrected that abuse. A long list of statutes was placed on the books. The union labor movement thrived. Today the worker is protected in every conceivable way from employer coercion, exploitation and domination.

But a new exploiter has arisen—organized labor itself. The unions, through the closed shop, hold the power of life and death over the individual worker. He must pay tribute, whether he desires membership or not, or starve, so far as working at his trade is concerned. If a union member offends the labor bosses, he may be suspended or discharged—and again, he has the right to starve. And the law actually protects the union in their right to perpetuate and extend this form of tyranny over labor.

There can be no free labor unless it is freed both from exploitation by the employer, which it has been—and from exploitation by the unions. There can be no free labor, there can be no real rights for labor, so long as a man must join a private organization, the union, before he can earn a living.

Congress, in pussyfooting and dodging the closed shop issue is evading the basic labor problem—namely, the right of a man to work, without fear of management bosses or labor bosses, and without having to join or not to join any group or organization, unless he so desires.

The Health of America

Advocates of compulsory government health insurance—which would be the logical first step toward eventual socialization of medicine—use of their arguments the large number of men rejected by Selective Service for physical reasons during the war. The usual statement is that close to 5,000,000 were unable to meet the physical standards for military service—and that this indicates the status of American health is low indeed.

An examination of the official figures, however, produces a very different picture. Altogether, some 4,217,000 men were rejected, but even so, our Army and Navy had the highest physical standards of any belligerent. Of that number, 448,000 were blind, deaf, legless, armless, etc. They were victims of extreme deformities which had nothing to do with medical care.

An additional 701,700 were rejected for mental ailments—and 562,100 more were unacceptable because of mental deficiency. Again, medical care is not the answer to this problem, which is one of eugenics.

A total of 320,000 suffered from such abnormalities as club feet and congenital dislocations. There is no known way to restore such people physically.

Syphilis was the reason for rejection for 280,000. And syphilis control has long been a public undertaking. Free clinics exist almost everywhere. But nothing can be done when diseased persons refuse to go to the doctor.

Lastly, 160,000 men were rejected for visual defects. These are almost invariably congenital, and are not ordinarily susceptible to medical treatment.

What this all adds up to is that the vast majority of the unfit suffered from troubles which health insurance of any kind could not correct or control. No unprejudiced person can find a sound argument for socialized medicine here.

Worth Recognition

The railroads are criticized for things they do or do not do. They serve so many people that it is impossible to please ten-thousand-and-one different tastes and ideas. But they do their best, and the American people have superlative rail transportation.

The recent ending of furlough fares brings to mind an act of the railroads which deserves recognition—namely, beginning seven months before Pearl Harbor and extending sixteen and one-half months after V-J Day, or sixty-nine months, approximately two hundred million furlough tickets were sold to men and women of the Armed Services at the special reduced rate of one and one-quarter cents a mile. It is estimated that this resulted in savings to service men and women of approximately \$440,000,000. And that is a lot of money even in these multibillion-dollar days!

A MESSAGE FROM
THE
SECRETARY OF WAR

**How you
can help**

**YOUR ARMY DO ITS
PART FOR PEACE**

With the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace—all are bound up in this decision.

This is your Army, and voluntary enlistment is your choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills.

A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most.

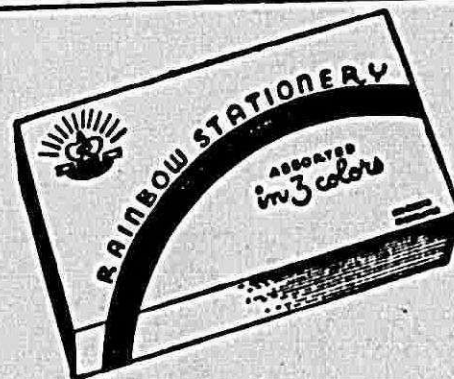

You can help by giving your respect and support to the man who enlists voluntarily—to do his part in carrying out your country's world-wide obligations to build a peace that will endure.

SOCIETY EVENTS

MRS. ALFORD HOSTESS AT BIRTHDAY CELEBRATION

Mrs. Agnes Alford of King's Drug store celebrated her birthday anniversary Sunday with an open house in the balcony of the drug store. One hundred and fifty guests called and among them were a number of Chicago acquaintances. She received many cards, gifts and flowers. Luncheon was served during the evening.

MRS. TURK REVIEWS BOOK AT WOMAN'S CLUB MEETING

Mrs. Paul Turk of Libertyville, reviewed the book, "Lydia Bailey" by Kenneth Robert at the meeting of the Antioch Woman's club Monday afternoon.

The meeting was held at the home of Mrs. I. L. Breakstone and 40 members were present. Luncheon was served.

SUPRISE PARTY HONORS MRS. EUGENE McDUGALL

A number of friends surprised Mrs. Eugene McDougall Saturday evening on the occasion of her birthday anniversary arriving unannounced for an evening at cards.

They presented her a handsome gift in appreciation of her favors to them.

Prizes were given for high score and delicious refreshments were served.

MR. AND MRS. VERKEST PARENTS OF SON

Mr. and Mrs. Morris Verkest are the parents of a son "Michael Patrick", born March 17 at St. Therese hospital.

Mrs. Inga Tauble, who has been very ill for the past several weeks at the home of her daughter, Mrs. Emil Lubkeman, was taken to St. Therese hospital Wednesday, where she will be a surgical patient.

Party is Success

The card party given by the Ladies Auxiliary of the Veterans of Foreign Wars Tuesday evening was well attended and quite enjoyable.

The members of the auxiliary and post expressed their appreciation of the many donations by merchants and friends which helped make the party a success.

Mrs. Kathrine Hahn of MariAnne's Main street store and Mrs. Helen Albert of MariAnne's, 445 Lake St., spent Monday, Tuesday and Wednesday in Chicago attending the Gossard Foundation Sales and Fitting Clinic at the Gossard offices at 108 East Ohio street.

CELEBRATE BIRTHDAYS—

Mrs. Kate Helm, Joseph Patrovsky, J. Kuligowski and Fred Watt, celebrated their birthday anniversaries March 13, with their guests at Adolph's Channel Inn.

Card of Thanks

We wish to thank all of our neighbors and friends for the many acts of kindness and sympathy shown during our recent bereavement.

Mrs. Art Verkest and family

Mrs. R. F. Benser, who has spent the past two months with her daughter, Mrs. M. M. Stillson, and family, left Saturday for her home in Volen, South Dakota.

Mrs. Lillian Hand entertained a number of friends at a luncheon and bridge party Saturday evening at her home on North Main St.

Mr. and Mrs. Harry McNeal, of DesPlaines, were guests of Mr. and Mrs. S. Boyer Nelson Sunday.

Card Of Thanks

We wish to thank our many friends and the Antioch Rescue squad for their help and gifts during our recent illness.

Mr. and Mrs. John Cobb

Miss Mabel Sayles III

Miss Mabel Sayles, linotype operator for the Antioch News, is ill at her home in Richmond. She was taken sick a week ago Monday with what was thought to be an allergy, but a change in diagnosis was later reported.

Vincent Bakosky, 67, Bristol Twp. Farmer, Dies After Brief Illness

Vincent Bakosky, aged 67 years, died at 3 a. m. Wednesday at St. Therese hospital in Waukegan following an illness of 11 days.

He had been employed as a farm

hand for the last two years at the Orland Raether farm in Bristol township, Wis.

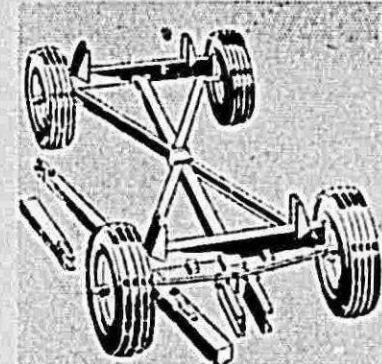

Mr. Bakosky was born Sept. 28, 1879 in Bohemia. He had lived in Lake Villa township for about 25 years as a farmer before going to the Raether farm. He made his home with his brother, Joseph, near Lake

Villa until his death and then with the widow until she moved to California in 1944.

He is survived by a brother Anthony of Flensburg, Minn.

Tentative arrangements are made for services at the Strang funeral home at 2 p. m. Saturday with burial probably at Angola cemetery, Lake Villa.

FACT AND SCRIPTURE

Who can verify that the broad-way does not lead to destruction? Nor can one say that God is a tyrant, driving men ruthlessly to hell.

"Let no man deceive you with vain words: for because of these things cometh the wrath of God upon the children of disobedience. Be not ye therefore partakers with them."

Eph. 5:6,7

The Lord is not slack concerning his promise, as some men count slackness; but is longsuffering to us-ward, not willing that any should perish, but that all should come to repentance."

2 Pet. 3:9

Therefore as by the offers of one judgment came upon all men to condemnation; even so by the righteousness of one the free gift came upon all men unto justification of life.

International Harvester announces \$20,000,000 price reductions

We believe there is nothing more important to this country than to lower the prices of the goods that people buy.

The American people have insisted that the government withdraw from its attempts to control prices in peacetime. That places the responsibility where it belongs—in the hands of business and industry. Not all business can reduce prices now. Not all can reduce by the same amount.

Our company has felt a duty to act as promptly as possible. In our case, the business outlook now makes it possible to move toward the goal of lower prices. The only way out of the vicious circle of higher and higher prices is to break through.

We have taken this step not because of present competitive conditions nor because of a drop in demand from customers. We have taken it because of our belief that ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED.

These reductions, which will save the users of our products approximately \$20,000,000 a year, will become effective before April 1, and will apply to a selected list of tractor, farm machine, motor truck, and industrial power products. Since we lose money on a few of our products, and barely break even on some others, these reductions will not apply to our entire line. Reductions will be made individually on products. Some will be cut more than others. Exact details will be announced as soon as possible.

Our ability to maintain this lower level of prices will depend in part on what happens to the prices and flow of materials that we buy from others. Because we believe price reduction is vital, we are willing to assume the risks that are involved.

 prices had not gone up as much or as fast as many others

Here are Average Price Increases since 1941

All Manufactured Products (U. S. Government Reports)	63.7%
Metals and Metal Products (U. S. Government Reports)	41.2%
Motor Trucks	35%
Industrial Power Products	34%
Farm Machines	25%

These benefits to customers will depend, too, on uninterrupted production at reasonable wage levels. This is not a program that can be carried out if it is hampered by strikes or work stoppages.

Our employees have had substantial increases in pay, and wage questions are currently being discussed with many of the unions with which we deal. Stockholders have recently had an increase in dividend rate. Having considered the interests of these two groups, we are now making these price reductions for the benefit of the third group—our customers.

Business, to our way of thinking, has a social as well as an economic responsibility. This company has long followed the policy of operating in the interests of three groups—its customers, its employees and its stockholders. The duty of the management is to see that equal justice is done as between the three groups.

This price reduction program is another demonstration of our policy in action.

Yes, we're going exploring again in another of "Our Landmarks." There will be stories of thirteen more historic spots. One unique inn was not only a tavern but a village! One mill had a most unusual magnet devised by its ingenious miller to extricate any metal bits from the grist—and the top ranking item extraneous was really something to see! Then there's the tale of that astonishing sight through the sheriff's kitchen "peephole" in one county courthouse. The black and white sketches of all thirteen are by John McKee.
